

The **Non-Ferrous Founders' Society (NFFS) Scholarship Program** was created to help develop the next generation of foundry leaders and innovators for our industry. By providing meaningful scholarship support to students considering careers in the foundry industry, NFFS is exposing our nation's best and brightest to the tremendous opportunities available in non-ferrous foundries.

ELIGIBILITY

In order to apply for a NFFS Scholarship:

1. You must be a North American citizen or permanent resident,
2. You must be currently enrolled in a college or university and taking at least one class or lab related to cast metal technology, OR you must show other tangible efforts toward the pursuit of an education or career in metalcasting (e.g. foundry visits, related extra-curricular activities, etc.).

APPLICATION TIMING AND AWARD

The NFFS Scholarship award amount is **\$2,500**. Applications will be accepted from May 1st through **September 30th**, and the award will be presented in November.

SELECTION CRITERIA

Applicants will be assessed based on the following categories:

- **Education** – Coursework, GPA, extracurricular activities
- **Work Experience** – Internship, co-op and work experience
- **Essay** (maximum 500 words) – Describe your career objectives and your interest in non-ferrous materials. *NOTE: Applications without an essay will not be considered.*

APPLICATION PROCESS

Students must apply for the NFFS Scholarship through the **Foundry Educational Foundation** website during the application period (May 1-September 30).

Students should first go to www.fefinc.org/students and create an account. Once your account has been created, go to www.fefinc.org/scholarships and choose **Non-Ferrous Founders' Society Scholarship** to apply. If you have questions or need assistance, contact the Non-Ferrous Founders' Society offices at (847) 299-0950.
